For Information

The DD/I requested at the luncheon today that each Office report to him next week relative to what jobs might be cut in the event that the Agency took an over-all 10% cut, which question the Bureau of the Budget has raised with each department of Government.

In the case of OBI I can see no way short of diminishing our review process in making any realistic cuts. In any event that should be made job by job as the situation warrants. It is appropriate also to suggest other components of the Agency that might in the views of each Office be eliminated or reduced in order to arrive at an over-all 10% cut for the Agency as a whole.
